

Vila Nova do Ceira - Góis Canoeing - Ceira River

From
25€

Description

Activity performed in the municipality of Góis, in a sector of river Ceira with 7km, between Góis and Vila Nova do Ceira. It is the most accessible sector of the river, with a dozen weirs, most of them easy to overtake. It has only 2 or 3 narrower passages that require some experience and dexterity. Since the weirs have different configurations, this activity is considered one of the most attractive in this region. It is performed in Sit-on-top canoes with two seats; however, experienced participants should do it in single-seater kayaks. Some parts of the river require technical skills, it is, therefore, essential to have good physical condition and dexterity, as well as previous experience in canoeing since contact with water, is inevitable.

Duration: 5 to 6 hours.

Meeting Point: 9:30am Bombeiros Voluntários de Góis (Góis).

Before starting the descent, we will use our support car to place the participants' cars and drivers at the end of the descent. This way, when they finish the descent, they will have their cars at the end.

Enrollment

For the registration to be complete must be provided the name and phone number of the person leading the group. Also, a payment of 50% is required up to 5 days in advance using **IBAN: PT50004534534027764108953** (proof of payment must be sent to geral@transserrano.com). A list with the complete names and birthdates, as well as body sizes (height and weight) for the wetsuits and foot size for the neoprene boots, of all participants, must be sent by e-mail up to 2 days in advance (geral@transserrano.com).

What you should bring

Warm and light clothing to wear under the wetsuit (thermal shirt or lycra), water bottle, light lunch (sandwiches, fruit, energy or cereal bars), dry clothes for the end and a bath towel. If you do not wear neoprene boots, we recommend a pair of old sneakers.

Recommendations

During winter or in periods of high precipitation, river flow may vary rapidly in a few hours, so the activity is always dependent on the analysis and evaluation of the river at the exact time, also taking into account the participants' experience and their age group. Trans Serrano may have to cancel the activity immediately before it starts. During autumn and winter, we do not recommend the participation of children and young people under the age of 16. Participants wearing glasses must pay special attention to them. Make sure to bring a glasses' cord to avoid getting them lost in the river. We do not recommend the use of mobile phones, cameras and other electronic devices along the activity. Also, during the activity, there should be nothing visible inside the cars. And everything considered of value should be placed in a backpack (which will always be with the participants or with the organization).
