

Nocturnal Canoeing

Penacova Mondego River

From 25€

Description

For about 8km, participants have the opportunity to admire part of the longest Portuguese river from a night perspective. The range of vision is extremely small, only supported by the full moon that illuminates the route ahead. During these nocturnal activity, the silence and the emptiness of darkness, make these summer descents very interesting, thus avoiding the high temperatures of daytime. The entire activity is performed along with our experienced guides, who ensure the complete safety of it.

Duration: 3 hours.

Meeting Point: 20h in Louredo's Bridge (EN 110 Coimbra-Penacova).

After meeting at the start of the descent, the participants will put on their wetsuits and neoprene boots. Before starting the activity, we will use our support car to place the participants' cars and drivers at the end of the section. This way, when they finish the descent, they will have their cars at the end.

Enrollment

For the registration to be complete must be provided the name and phone number of the person leading the group. Also, a payment of 50% is required up to 5 days in advance using IBAN: **PT50004534534027764108953** (proof of payment must be sent to geral@transserrano.com). A list with the complete names and birthdates, as well as body sizes (height and weight) for the wetsuits and foot size for the neoprene boots, of all participants, must be sent by e-mail up to 2 days in advance (geral@transserrano.com).

What you should bring

Warm and light clothing to wear under the wetsuit (thermal shirt or lycra), water bottle, snack (sandwiches, fruit, energy or cereal bars), dry clothes for the end and a bath towel. If you do not wear neoprene boots, we recommend a pair of old sneakers.

Please note: Although we only perform this canoeing during summer, the nights are cold and the contact with the water cools the body a lot.

Recommendations

During winter or in periods of high precipitation, river flow may vary rapidly in a few hours, so the activity is always dependent on the analysis and evaluation of the river at the exact time, also taking into account the participants' experience and their age group. Trans Serrano may have to cancel the activity immediately before it starts. During autumn and winter, we do not recommend the participation of children and young people under the age of 16. Participants wearing glasses must pay special attention to them. Make sure to bring a glasses' cord to avoid getting them lost in the river. We do not recommend the use of mobile phones, cameras and other electronic devices along the activity. Also, during the activity, there should be nothing visible inside the cars. And everything considered of value should be placed in a backpack (which will always be with the participants or with the organization).
