Logistics

Before we begin the activity, we will use our support vehicle to take the participants' vehicles, with their respective drivers, to the end of the section. This way, when they finish the activity, their vehicles will be waiting for them at the end.

Enrollment

For the registration to be complete must be provided the name and phone number of the person leading the group. Also, a payment of 50% is required up to 5 days in advance using IBAN: **PT50004534534027764108953** (proof of payment must be sent to geral@transserrano.com). A list with the complete names and birthdates, as well as body sizes (height and weight) for the wetsuits and foot size for the neoprene socks, of all participants, must be sent by e-mail up to 2 days in advance (geral@transserrano.com).

What you should bring

Warm and light clothing to wear under the wetsuit (thermal shirt or lycra), water bottle, light lunch (sandwiches, fruit, energy or cereal bars), dry clothes for the end and a bath towel. If you do not wear neoprene boots, we recommend a pair of old sneakers.

During winter or in periods of high precipitation, river flow may vary rapidly in a few hours, so the activity is always dependent on the analysis and evaluation of the river at the exact time, also taking into account the participants' experience and their age group. Trans Serrano may have to cancel the activity immediately before it starts. During autumn and winter, we do not recommend the participation of children and young people under the age of 16. Participants wearing glasses must pay special attention to them. Make sure to bring a glasses string to avoid losing them in the river. We do not recommend the use of mobile phones, cameras and other electronic devices on the activity. Also, during the activity, there should be nothing visible inside the cars. And everything considered of value should be placed in a backpack (which will always be with the participants or with the organization).
